This email is submitted with additional photos in further support of Ashurst Bar/Smith Community Organization March 5 2018 Complaint, Case No. 16R-17-R4.

Ronald Smith took these three photographs on July 7, 2016, which is a Saturday, when the open face should have been covered. Photos were taken in the morning between 11 am and 12:05 pm.

The attached photographs document and corroborate statements by residents of the Ashurst Bar/Smith community offered during the July 31-August 2, 2018 site visit that trash is regularly left uncovered after hours, contributing to adverse odors, interfering with the quality of life, and attracting vultures and other pests. Members of the community have observed inadequate cover on multiple occasions over years, including in 2018.

Please let us know if you require additional information about these photographs.

Sincerely,

Marianne Engelman Lado
